 Tulsa Area Human Resources Association

**Tulsa Tech** is the state's oldest and largest career and technology education institution in Oklahoma's highly-acclaimed CareerTech system.

Established in 1965 as part of Tulsa Public Schools and becoming an independent school district in 1973, **Tulsa Tech** provides quality technical training to thousands of high school and adult students and business and industry clients annually at multiple campuses and several satellite-training locations in the Tulsa area.

### FULL-TIME CAREER TRAINING

**Tulsa Tech** offers full-time programs for high school students from 14 public school districts as well as for private, parochial, home-schooled, charter, and adult students.

Course offerings are an extension of the high school curricula, and also provide career opportunities for adults. Classes meet for three hours in the morning and three hours in the afternoon. Ranging from health occupation programs to aviation maintenance, information technology to construction trades, courses offer hands-on activities in modern lab, shop, or clinical settings. High school students pay no tuition, and transportation is provided.

### PART-TIME EVENING & WEEKEND CLASSES

Hundreds of evening and weekend continuing education and CEU courses help adults retrain for new careers, upgrade current job skills, and keep current on certifications and licensures.

### CUSTOMIZED CORPORATE TRAINING

**Tulsa Tech** provides support and customized training services to many Tulsa-area businesses through the Business & Industry Services (BIS) department, as well as small business management, self employment consulting and entrepreneurship classes.

### S.T.E.M. ACADEMY / PROJECT-LEAD-THE-WAY

**Tulsa Tech's** S.T.E.M. Academy is a college preparatory program that gives high school students a comprehensive overview of the many engineering disciplines. In fiscal year 2015, **Tulsa Tech** had 1,151 students in grades 9-12, from nine high schools and our S.T.E.M. Academy, more than any CareerTech Center in the state. This nationally-recognized PLTW Engineering Model includes Pre-AP Calculus, Calculus, AP Calculus AB, AP Calculus BC, AP Physics C, AP Biology and AP Chemistry academic options.

### ACADEMIC CREDIT

**Tulsa Tech** offers high school students the opportunity to earn math and science credits for many program courses taken at **Tulsa Tech**, and allows those credits to be used toward their high school graduation requirements.

### STUDENT LEADERSHIP OPPORTUNITIES

These organizations provide leadership opportunities, skill training, social activities, and a chance to showcase and validate the skills learned at **Tulsa Tech**. The seven student organizations include DECA, SkillsUSA, FCCLA, HOSA, TSA, OSRT and BPA. Students also have the opportunity, through academic achievement, to become members of the National Technical Honors Society (NTHS).
