2.1 Health, Dental and Vision Care Insurance

The District provides health, dental and vision insurance for each individual regular full-time employee. The District will pay the coverage premiums for the employee enrolling in these plans during the period of employment.

A summary of the benefits of each Group Insurance Plan is included in the corresponding certificate and/or booklet issued to each employee. The actual terms and conditions are controlled by the Group Policies.

For any regular full-time employee who has at least five years of continuous service with the District, and is the subject of dismissal due to a reduction-in-force, the District will pay the employee's COBRA premiums for medical coverage only for a period not to exceed six (6) months. This benefit will terminate when the former employee accepts other employment. Upon the passage of six months, the employee must remit COBRA premiums to retain employee medical coverage. COBRA related premiums for other benefit coverage (dental, vision) and for employee dependents is the responsibility of the employee upon termination of employment with the District.

2.2 Life Insurance

The District shall provide a fixed amount of term life insurance for each regular full-time employee. The employee shall elect the beneficiaries of this policy, and the District will pay the premiums during the term of employment. Exact conditions of life insurance coverage will depend on the contract the District has with the insurance company provider approved by the Board of Education. The amount of life insurance provided shall be set by the Board annually.

2.3 Long Term Disability Insurance

The District shall provide long-term disability insurance for all regular full-time employees. Exact terms of long-term disability insurance coverage will depend on the contract the District has with the insurance company.

2.4 Dependent Insurance Benefit In Lieu of Coverage

The dependent premium costs above fixed sum are to be paid by the employee through payroll deductions. If the cost of dependent health insurance is less than the fixed sum, the difference each month will be added to the employee's gross pay. If the employee does not need dependent coverage, this fixed sum will be added to his/her gross pay each month,

less any amounts for taxes required by law.

In order to be eligible to receive this monthly payment, the employee must be working or on approved paid leave and not be in "out of pay" status.

2.5 Health Insurance Cost Containment Incentive

The District shall segregate the multiple health insurance plans described in section 2.1 of this policy into two groups. One group shall be the plans which carry the lowest premiums of all plans offered, and the other group shall be all other offered plans. The District shall pay an incentive to each regular full time employee for that employee's election and enrollment in one of the health plans in the lower cost group. The amount of the incentive will not exceed the difference between the average cost of each group of plans. Employees enrolling in a health plan not in the lower cost group will not receive the incentive payment. Election and enrollment is conducted once annually.

2.6 Wellness Incentive

The District recognizes the value and benefit of healthy productive employees who report to work as scheduled. In support of this interest, the District shall provide an incentive payment monthly to employees who pledge to not use tobacco products and agree to an annual health assessment. The employee may utilize a District-paid vendor for the assessment or provide an equivalent assessment at the employee's expense.

2.7 Employee Assistance Program

The District shall provide access to a professional referral and assistance service for each regular full-time employee and his/her immediate family members. 2.11 Access to Voluntary Employee-Paid Benefit Plans

The District shall endeavor to provide each regular employee with access to various voluntary benefit plans, so that the employee has the ability to select specific benefits that fulfill his/her personal needs. The District does not participate in the cost of these benefit plans, but will contract with providers to make these benefits available to each interested and eligible employee.

Some of these voluntary benefits may be Short Term Disability Insurance, Dependent Life Insurance, Long Term Care Insurance, Chronic Illness Insurance, Accidental Death and Dismemberment Insurance and others of a similar nature. The District shall allow employees to pay the plan premiums for approved voluntary benefit plans through payroll deduction.

All time on paid leave is recorded in the District's absence reporting system before or soon after returning from paid leave.

Regular full-time employees who separate from the District shall be reimbursed for accrued but unused paid leave at a rate based on the type of leave. Only unused vacation and sick leave accruals are paid to the employee upon separation.

The maximum amount of sick leave transferred and eligible for use while an employee of the District, is 60 days (480 hours). Sick leave balances in excess of 60 days will be documented and filed for purposes of Oklahoma Teachers Retirement System retirement accounting.

Any employee unable to return to work after 20 days is immediately placed on Unpaid Leave Of Absence (ULOA) without pay, for a maximum of the remainder of the current fiscal year, or for whatever portion of the remainder of the fiscal year needed.

The HR department shall administer the Sick Leave Sharing Program and utilize procedures to ensure its availability to eligible employees.

3.2 Bereavement Leave

All regular full time employees are eligible for 2 days (16 hours) bereavement leave as needed. The term "immediate family" is defined to mean husband and wife and the following relatives: father, mother, son, daughter, brother, sister, grandparents, grandchildren, and corresponding relatives by affinity (marriage). Unused vacation leave may accumulate from year to year, except the employee will cease accruing additional vacation leave once the amount of unused vacation time equals twice the annual award amount.

The annual award of vacation leave is based on the employee's length of service with the District. The amount of annual vacation leave awarded for bargaining employees is negotiated in the collective agreement. The amount of annual vacation leave awarded for non-bargaining personnel is set annually by the Board of Education.

An employee on workers' compensation leave without any sick leave supplement from the District may continue to participate by paying the required premium in any insurance program available to employees through payroll deduction, as long as such practice does not conflict with the provisions of the insurance policy.

The employee will not earn the dependent insurance benefit-in-lieu-of coverage while on extended leave of absence, but may continue to cover eligible dependents by paying the

required premium in any insurance program available to dependents through payroll deduction, as long as such practice does not conflict with the provisions of the insurance policy.
