

DISTRICT PROVIDED STUDENT TRANSPORTATION

POLICY

It is the policy of the Board of Education of Tulsa Technology Center to provide, or secure an agreement(s) for, a transportation system approved by the State Board of Career and Technology Education for the benefit of its secondary students at no cost to the local boards of education served by Tulsa Technology Center.

Adult students enrolled in Tulsa Technology Center's programs may be transported, as space is available on established bus routes and to and from related auxiliary activities.

District owned school buses used to transport students shall be operated in compliance with the current School Laws of Oklahoma and any additional regulations established by the State Board of Career and Technology Education.
