Course Number: BARB-1250A
OHLAP Credit: No
OCAS Code: None
Course Length: 75 Hours
Career Cluster: Human Services
Career Pathway: Personal Care Services
Career Major(s): Barber

Pre-requisite(s): Identify/Discuss

Course Description: Students will identify the principles of color theory, the color wheel properties and the classifications of hair color. Students will also demonstrate allergy and strand tests and appropriate steps for coloring both hair and facial hair.

Textbooks:

Course Objectives: A. Demonstrate Hair Coloring and Lightening.¹

1. Explain the principles of color theory and relate their importance to haircoloring.¹
2. Discuss colors on the color wheel including primaries, secondaries, and complementaries.¹
3. List the classifications of hair color and indicate the advantages and disadvantages of each.¹
4. Explain the use of hair lighteners on the hair.¹
5. Discuss single-process and double-process haircolor applications.¹
6. Demonstrate how to test for an allergy to haircolor products.¹
7. Perform a strand test.¹
8. Explain the process and products for coloring facial hair.¹
9. List safety measures which must be observed during haircolor procedures.¹
10. Demonstrate appropriate steps for applying haircolor and lighteners to both hair and facial hair.¹

¹ Oklahoma State Barber Board Objective
² ODCTE Objective
All unmarked objectives are TTC instructor developed.

Teaching Methods: The class will primarily be taught by the lecture and demonstration method and supported by various media materials to address various learning styles. There will be question and answer sessions over material covered in lecture and media presentations. Supervised lab time is provided for students to complete required projects.
HAIRCOLORING FOR BARBERS I
