

Surgical Technology Program Annual Report Outcomes

Annual Reporting Years of 2026

The expectation of this program is to prepare entry-level Surgical Technologists who are competent in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains to enter the profession. It is the intention of the faculty to graduate knowledgeable, ethical professionals who will become contributing members of the health care team. This will be accomplished by meeting or exceeding the criteria set forth in the current CAAHEP (Commission on Accreditation of Allied Health Education Programs) Standards and Guidelines for the Accreditation of Educational Programs in Surgical Technology.
