

# PLUMBING LICENSING TRAINING

America is facing an extreme shortage in skilled trades, but with little or no plumbing experience you can begin the journey to becoming a skilled plumber. Tulsa Tech's Construction Industry Board (CIB) approved program provides both theory and hands-on training to get you started on your new career.

- » Apply for an apprentice license before or during your first class
- » Classes prepare you to take the Oklahoma Plumbing Journeyman and Gas exam
- » Submit successfully completed certificate to the CIB for six months of experience required to qualify to take the state journeyman's license exam
- » For more info, please visit the Oklahoma Construction Industry Board at [www.ok.gov/cib](http://www.ok.gov/cib)
